

Cabinet Heater Series 80F

NIBE Wind Components

Maserativej 4

DK-7100 Vejle

T: +45 75 85 78 22

F: +45 75 85 75 35

www.nibewind.com

Features

- High power to size ratio
- Light weight
- Easy to fit
- Screw terminals for easy wiring
- Dual power feature
- Independent fan circuit to aid climate cooling
- Filter assembly*
- Fixing - 35mm DIN clip

*Typical power reduction of 10% whtn 30 PPI filter fixed.

Technical data:

Series 80F			
Nominal power output	at 10°C	300/600W	450/800W
Recommended fuse (time delay, amps)	at 115V/230V	5	6
Fan volumetric flow, approx.	(m ³ /h)	35	35
Fan lifetime	at 40°C L 10, hours	43.500	43.500
Fan operating temperature	°C	-40° to +60°C	-40° to +60°C
Normal input voltage (V)		115V/230VAC	115V/230VAC
Dimensions (mm)	Cross section	82x110	82x110
	Length	150	150
Weight (kg)		0.785	0.785
Finger guards	inlet and outlet	Y	Y

Ordering example

Type	Power	Heater	DIN clip	Filter
		Voltage	1/0	1/0
C80	600W	230V	1	1

Ordering code example: C80-600W-230V-1-1
